

Hillson F.H. 40 "Slip Wing" Hurricane Profile Pilot Figure.

No oxygen mask, no Mae West.

Helmet, goggles (MK VIII) & jacket are good for RAF 1942/3 and later.

Scaled for 1/27th model such as the VMC 18" span MK I Hawker Hurricane.

Face left undecorated. Use crayon to fill in handlebar moustache / lip colour if required.
Not likely to be needed.

You could (at a pinch) use this for "Golden Age" open cockpit aircraft as well.
